*"This workshop has been by far the best investment we have ever made in our marriage – truly life-changing! The tools and the way Barry and Lori facilitate the moving of the Holy Spirit are powerful! We are so grateful for the healing, strength and freedom that God brought to us through LAM and highly recommend it to all our friends and family! LAM has greatly impacted our church family as well, with many couples attending the intensive and/or weekly workshops. We continually hear of the amazing testimonies of forgiveness and restoration! This workshop will help you learn to lean on the Holy Spirit, to hear His voice and experience His power daily within your marriage.*

--Shawn and Lisa Apking, Senior Pastors, Cornerstone Church

*"I am amazed by the wisdom that God has given to Barry and Lori. Their Love After Marriage materials have been extremely effective in bringing wholeness and healing to couples—actually, more than we have ever seen with any other materials or events. The impact on our own church family has been wonderful. We have seen the results that come out of who they are and what they do. It is amazing; a pastor's dream, really. People get well—really, really well."*
